

# Congregation Anshei Israel's MITZVAH 613 Sefer Torah Program

The compilation of CAI's new Sefer Torah is well underway, **but we still need you!** As the heart of our spiritual body, the Torah represents the common roots we share as a congregation, community and people. Together we can come together and make this Sefer Torah a portrait of our congregation – one that can be passed down, *l'dor v'dor*, for our children and future congregants to see what an impassioned community we are today.

Please help us reach our goal of 100% involvement! Whether a book, your favorite verse, or a letter, let us write this Torah together.
