Olli Heinonen is a senior fellow at the Harvard Kennedy School of Government's Belfer Center for Science and International Affairs. He is an expert in the areas of nuclear non-proliferation and disarmament, verification of treaty compliance, and transfer and control of peaceful uses of nuclear energy. Previously, Heinonen served as the deputy director general and head of the Department of Safeguards at the International Atomic Energy Agency in Vienna. He has also led teams of international investigators to examine nuclear programs of concern around the world in places such as South Africa, Iraq, North Korea, Syria and Libya. His writings and interviews have been published in various national newspapers and magazines.

Ray Takeyh is a senior fellow for Middle Eastern studies at the Council on Foreign Relations and adjunct professor at Georgetown University. His areas of specialization are Iran, political reform in the Middle East, and Islamist movements and parties. Prior to joining the Council on Foreign Relations, Takeyh was senior advisor on Iran at the Department of State. He was previously a fellow at the Washington Institute of Near East Policy and has taught at National War College, Yale University and University of California, Berkeley. Takeyh has testified frequently in front of various congressional committees and has appeared on *PBS Newshour*, *Charlie Rose*, ABC, NBC, CBS, CNN, BBC and FOX.
