

Parenting with Love and Logic® Techniques

A 4-week parenting course that combines the Parenting with Love and Logic® Program with other well-known methods of empowering parents to create strategies that truly work for each individual.

Bring out the best in you and your kids, whether at home, in school, or in public! Learn how to take care of yourself while simultaneously providing opportunities for your children – toddlers through teens – to learn how to become respectful, responsible, resourceful and resilient.

***Instructor** Naomi Weinberg, MSW, has worked in the mental health field for 30 years as a family counselor, school and medical social worker, professional development educator and presenter. Naomi is also a parent and her adventures come to life during her humorous and inspiring presentations. You will leave class with the confidence and ability to use your new skills at once, and the results will be immediately observable!*

We use specific examples and scenarios provided by you, the class participants, so please bring a list of “issues” to class!

- WHAT:** 4-week course (Certificates provided for 8 hours total.)
COST: \$88 for one 4-week course
