# "SCIENCE FICTION, FANTASY & JUDAISM"

## BREAKFAST & PANEL DISCUSSION

Sunday, November 4, 9:30am

Cantor Falkow Lounge

With presenters:

**JOSH ANBAR:** Science Fiction has been a part of human mythology for thousands of years, but is there anything in Judaism that can be seen as Science Fiction? If we take a step back, some of the greatest Jewish stories are also some of the greatest Science Fiction tales in history.

**MAX ELLENTUCK:** Comic books have exploded off the printed page and on to the movie screens. Jews created many of the most beloved heroes and some of their origins tell the story of our people. We will explore these similarities.

**ERIC FLANK:** Is Science Fiction and Fantasy dealing with Jewish themes possible? What language does the *Foundation Trilogy* speak? In *Pebble in the Sky*, what is the resemblance of the stiff-necked group of Earth people facing a Galactic Empire to a Jewish Revolt? Is their advanced science in the Bible?
